IDENTIFIERS	Integrated Postsecondary Education Data System; *Oregon

ABSTRACT

This document presents statistical data in summary form on the certificates awarded by institutions of higher education in Oregon. These data were obtained from a completions survey, part of the national Integrated Postsecondary Education Data System (IPEDS). Summary tables are arranged by institution and by program area, followed by tables showing racial/ethnic background in similar formats. Detailed tables are organized into certificates awarded by each institution in segment groupings (state system, community colleges, and independent) and certificates awarded by each major program area. These program areas are: agricultural business and production, conservation and renewable natural resources, architecture, ethnic and cultural studies, marketing, communications, computer science, personal services, education, engineering, home economics, law, liberal arts, mathematics, interdisciplinary studies, theology and religion, protective services, social sciences and history, construction trades, mechanics, precision production, transportation, visual and performing arts, health professions, and business management. This report summarizes certificates awarded for less than 1 year, 1 to 2 years, 3 to 4 years, post-baccalaureate and post-Master's at the degree granting public and non-public two- and four-year colleges and universities. 51 Health Professions & Related Sciences 113
52 Business Management & Admin. Services 117

INTRODUCTION

Certificates awarded by postsecondary institutions in Oregon are summarized in this report. These data are obtained from a completions survey administered by the U.S. Department of Education's Center for Education Statistics. The completions survey is one of a series of surveys collectively knows as the IPEDS Survey (Integrated Postsecondary Education Data System) which replaced the HEGIS survey in 1987.

Data on postsecondary degrees were published annually by this office from 1968-69 to 1989-90. The Degrees Awarded report 1993-94 was published in March 1996. Contact this office if you would like to receive a copy of the Degrees Awarded report. Graduates of proprietary schools were formerly reported, but have been excluded recently since the available data are incomplete.

The system for classification of instructional programs used in this report is the same system that is used by the National Center for Education Statistics. This scheme, known as CIP Codes consists of groups of instructional programs termed "program areas" in this report, such as Education; and subcategories we refer to as "specific programs," such as Education Administration, within each of the broad program areas.

In this report, summary tables of certificates awarded precede the more detailed tables. Summary tables are arranged by institution, and by program area (CIP Code), followed by tables showing racial/ethnic background in similar formats. Detailed tables are organized in two major sections: certificates awarded by each institution in segment groupings (1. State System, 2. Community Colleges, and 3. Independent), and certificates awarded by each major program area. Each table is followed by a table showing racial/ethnic breakdown in similar format.

This report summarizes only certificates awarded for less than one year, one to two years, three to four years, postbaccalaureate and postmasters at the degree granting public and non-public two- and four-year colleges and universities.
